

## TPE-X Electric Highlifter Manufactured In Stainless Steel

The TPE-X highlifter is designed to lift a pallet or stillage to a comfortable working height to reduce repetitive bending and stretching. Lifting is by battery-electric pump.

- Capacity 1000 Kg
- Manufactured from 100% 304 grade stainless steel, ideal for use in food, chemical and pharmaceuticals industries.
- This electric truck is protected to IP54 so can be hose washed.
- Suitable for working in areas down to -30°C.
- Trucks carry CE mark and comply with all current safety legislation.

TPE-X

Special Order Only
