

RECORD

Materials Handling Equipment

Record Fully Powered Pallet Truck

- Model WP-LPT, Capacities 1500kg + 2200kg
- Available in widths 520 & 650 mm.
- Approved good acceleration enhances efficient pallet entry and exit to increase productivity. No-polar electronic-control is programmable for specific tasks or operator skill levels.
- Smooth travel and lift combined with excellent controls reducing product damage and increasing productivity.
- High Quality hydraulic pump assures very little noise, maximum efficiency and durability.
- Drive unit is equipped with an electro-magnetic brake that is spring applied and electrically released. Brake is activated by the control handle position. Ergonomically designed control handle with buttons for raising lowering and honking.
- Lift limit switch operates at maximum lift height, shutting off pump motor
- Small + Light, ideal for use in confined areas
- **OPTION: Driver Platform + Side Protection bars (WP-LPT 22)**

WP-LPT15

The WP-LPT22 can be equipped with platform and side protection bars making the operator feel more comfortable

WP-LPT22
