

REMS Semi-Powered Stacker with Straddle

- Model REMS, Capacity 1000Kg
- Available in lift heights from 870mm with various heights up to 3270
- The REMS with straddle legs transports, lifts and handles goods on all types of pallets—also closed pallets. Large range of optional extras ensures optimum flexibility
- The design puts focus on the safety and ergonomic working conditions of the user - REMS can be adjusted to the individual user
- Optimum utilisation of the space - REMS has a compact construction and is very manoeuvrable
- Optimum safety for the user through central location of all control buttons on the handle, transparent and impact-resistant safety screen on the mast and location of parking brake
- Strong construction ensures a long operating life and low maintenance costs
- Also available with manual lifting (RHMS)

REMS

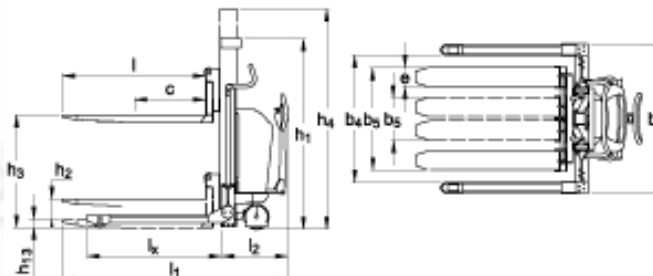

Ergonomic handle ensures the user a relaxed hold
